Tyler was integral to my learning in this course.

Thanks so much Tyler for all the support. He is very clear in his teaching and generously helpful outside of class through office hours and emails. One of the best TA I've had!

Tyler was one of the best TAs I've ever had. So flexible and intelligent and clearly really wanted to make recitation informative and fun for all of us. Worked his ass off to make sure we had understood key points in the material. Would meet with me any time of day if I asked, and I know he was extremely busy this semester. Truly awesome and a pleasure to have as a TA, could not speak highly enough.

Tyler was an excellent TA who was able to effectively simplify to the class the complex ideas expunged in the Social Contract. I appreciated being able to ask Tyler difficult questions in the written material. Further, Tyler made himself available to all students, especially those outside o his office hours which I greatly appreciate. I also was grateful that Tyler was willing to discuss and challenge ideas we were writing about in our papers in 1 on 1 sessions.

Tyler is a great TA, who makes the material seem less daunting.

This has been one of the most effective recitations in my time at Penn. Tyler clarified concepts from class and it genuinely helped me to perform well on the essays. He also invited participation from the class and kept everyone engaged.

This recitation was extremely helpful in enhancing my understanding of the course content. Tyler was available outside of class and made our comprehension our priority. The content in the class would have been significantly more difficult had it not been for his explanations in recitation. I'm excited to take more philosophy classes!
